and  
THE UNIFICATION CHURCH (aka 'The Moonies')**

**Facebook post of 16<sup>th</sup> December 2020**

Genuine "born again", bible-savvy Christians have known for decades that **'The UNIFICATION Church'** (also and probably better known as 'The Moonies') is a CULT presenting a 'false Christ', a 'false gospel' and founded by a 'false prophet'

No faithful Christian would ever consider engaging in a spiritual-ecumenical venture with this group, that is of course unless you are **PAULA WHITE**, who, with each passing month, shows herself to be anything but a 'faithful Christian'.

Video evidence of her contribution to such a venture on 5<sup>th</sup> December 2020 can be viewed on this link

On the back cover of the 1976 book **'THE MOON is not THE SON'** by James Bjornstad we read this –

**'Begin with a well-seasoned Taoist philosophy, add Christian words and phrases and some Bible verses, and stir briskly until they blend. Now add a bit of spiritism, a pinch of numerology, a dab of physics and a dash of anti-communism; mix it all together using a Korean Messiah, and you have the recipe for one of the newest religious movements sweeping America – the Unification Church founded by Rev. Sun Myung Moon'**

In closing, a brief but very enlightening article on this group can be found on this link
