

ROME and RELICS

‘Saint Bernadette of Lourdes’

I posted the following on Facebook on 3rd September 2024

ROME and RELICS:

The Church of Rome has a ghoulish and money-spinning fascination with the supposed relics of HER proclaimed 'saints' and a 'tour' of Ireland is about to begin with the claimed relics of 'St Bernadette'. This was the young girl that was supposedly visited by 'The Virgin Mary' near to Lourdes in France.

The article on this link by former priest, Richard Bennett (now in glory) gives helpful information on Lourdes –

Then the newspaper article on this link gives background to and details of this proposed visit to Ireland –

I have previously written about other visitations of supposed relics to Ireland featuring those claimed to be of 'Saint Therese of Lisieux' and 'Padre Pio' - that article can be accessed on this link –

It is absolutely heart-breaking to see how Rome keeps her 'faithful' in such idolatrous darkness - her people need to be directed to the true living Lord Jesus Christ and to that end please pray.
