

POPE's PAGANISM LEAVES ME COLD:

Pope Leo XIV recently showed to the world just how unchristian he and the religion he heads up really are. He and the Vatican are happy to be involved in what can only be described as pure 'paganism' which means 'heathen beliefs.' Here's a picture to 'start the ball rolling' –

Pope Leo XIV blessed a giant ice cube in the name of fighting "climate change" today. 🧊

So, what was all that about. Well if you go to this link you will be able to see and hear what was happening –

Another interesting view of this farce by a prominent Roman Catholic 'Evangelist' called Joe McClane is worth looking at.

This is part of Mr McClane's bio on his web site –

'Joe McClane is a dynamic, engaging and passionate Catholic speaker (faithful to the Magisterium of the Catholic Church), affectionately known online as "The Catholic Hack," Joe is the General Manager of KSHJ 1430 AM Catholic radio in Houston, and talk show host of "Evangelium Live" on the Guadalupe Radio Network. Prior to that, Joe was the Director and Events Coordinator for the Fullness Of Truth Catholic Evangelization Ministries.'

One very astute comment on his video reads

The whole thing was pagan. His presence at that pagan conference says he agrees with that philosophy. It's not just optics. It's another scandal. This is worship of "Mother Earth". It's idolatry.

Paganism as I wrote earlier equates to 'heathen beliefs' and in Matthew 6:7 the Lord Himself said "But when ye pray, use not vain repetitions as the heathen do" and in the video of the ice-block blessing there are numerous sung vain prayer repetitions.

In my own Facebook post about this ice-block blessing I also wrote

This is the same Pope who recently said "Someone who says I'm against abortion but is in favour of the death penalty is not really pro-life". What a DUMB statement. Abortion is murder - the death penalty is justice. Both are pro-life - the first want to protect the unborn - the second wants justice for the life that was taken.

My comment that I have highlighted may help explain much of the additional discussion on Mr McClane's video.

As Bible-believing Christians we recognise the utter non-Christian nonsense of this 'ice-block blessing' but it's also very interesting to note that leading Roman Catholics also recognise the disaster that for them and Roman Catholicism Pope Leo XIV is turning out to be. May the Lord use this to rescue many from the darkness of Rome.
