

BISHOP FULTON SHEEN and BILLY GRAHAM

On 28th September I posted the following on Facebook

BISHOP FULTON SHEEN and BILLY GRAHAM

**This 'jaw-dropping' event (pardon the pun)
took place in recent days.**

**Fulton Sheen was a major influence on Billy Graham
as you can read in this excellent article located on –**

<https://jimdukeperspective.com/story-behind-billy-graham/>

**The relevant section
(although the entire article is worth reading)
is titled 'Billy Graham's Jesuit Influence'.**

"Little children keep yourselves from idols" (1st John 5: 21)

The ghoulish practices of Roman Catholicism are
an affront to its claim to be 'Christian'

I'll finish by altering and quoting a line from an Elvis Presley song
'They're the devil in disguise'.
